AirTrain JFK

The fast, affordable connection

Welcome to AirTrain JFK

With its convenient connections to public transit services in the region, AirTrain JFK is the easy, eco-friendly way to travel from John F. Kennedy International Airport.

Whether you're traveling to Manhattan, Queens or Brooklyn, AirTrain can connect you to New York's Metropolitan Transportation Authority New York City Transit subway lines and buses and to the Long Island Rail Road, helping you reach your destination inexpensively and quickly.

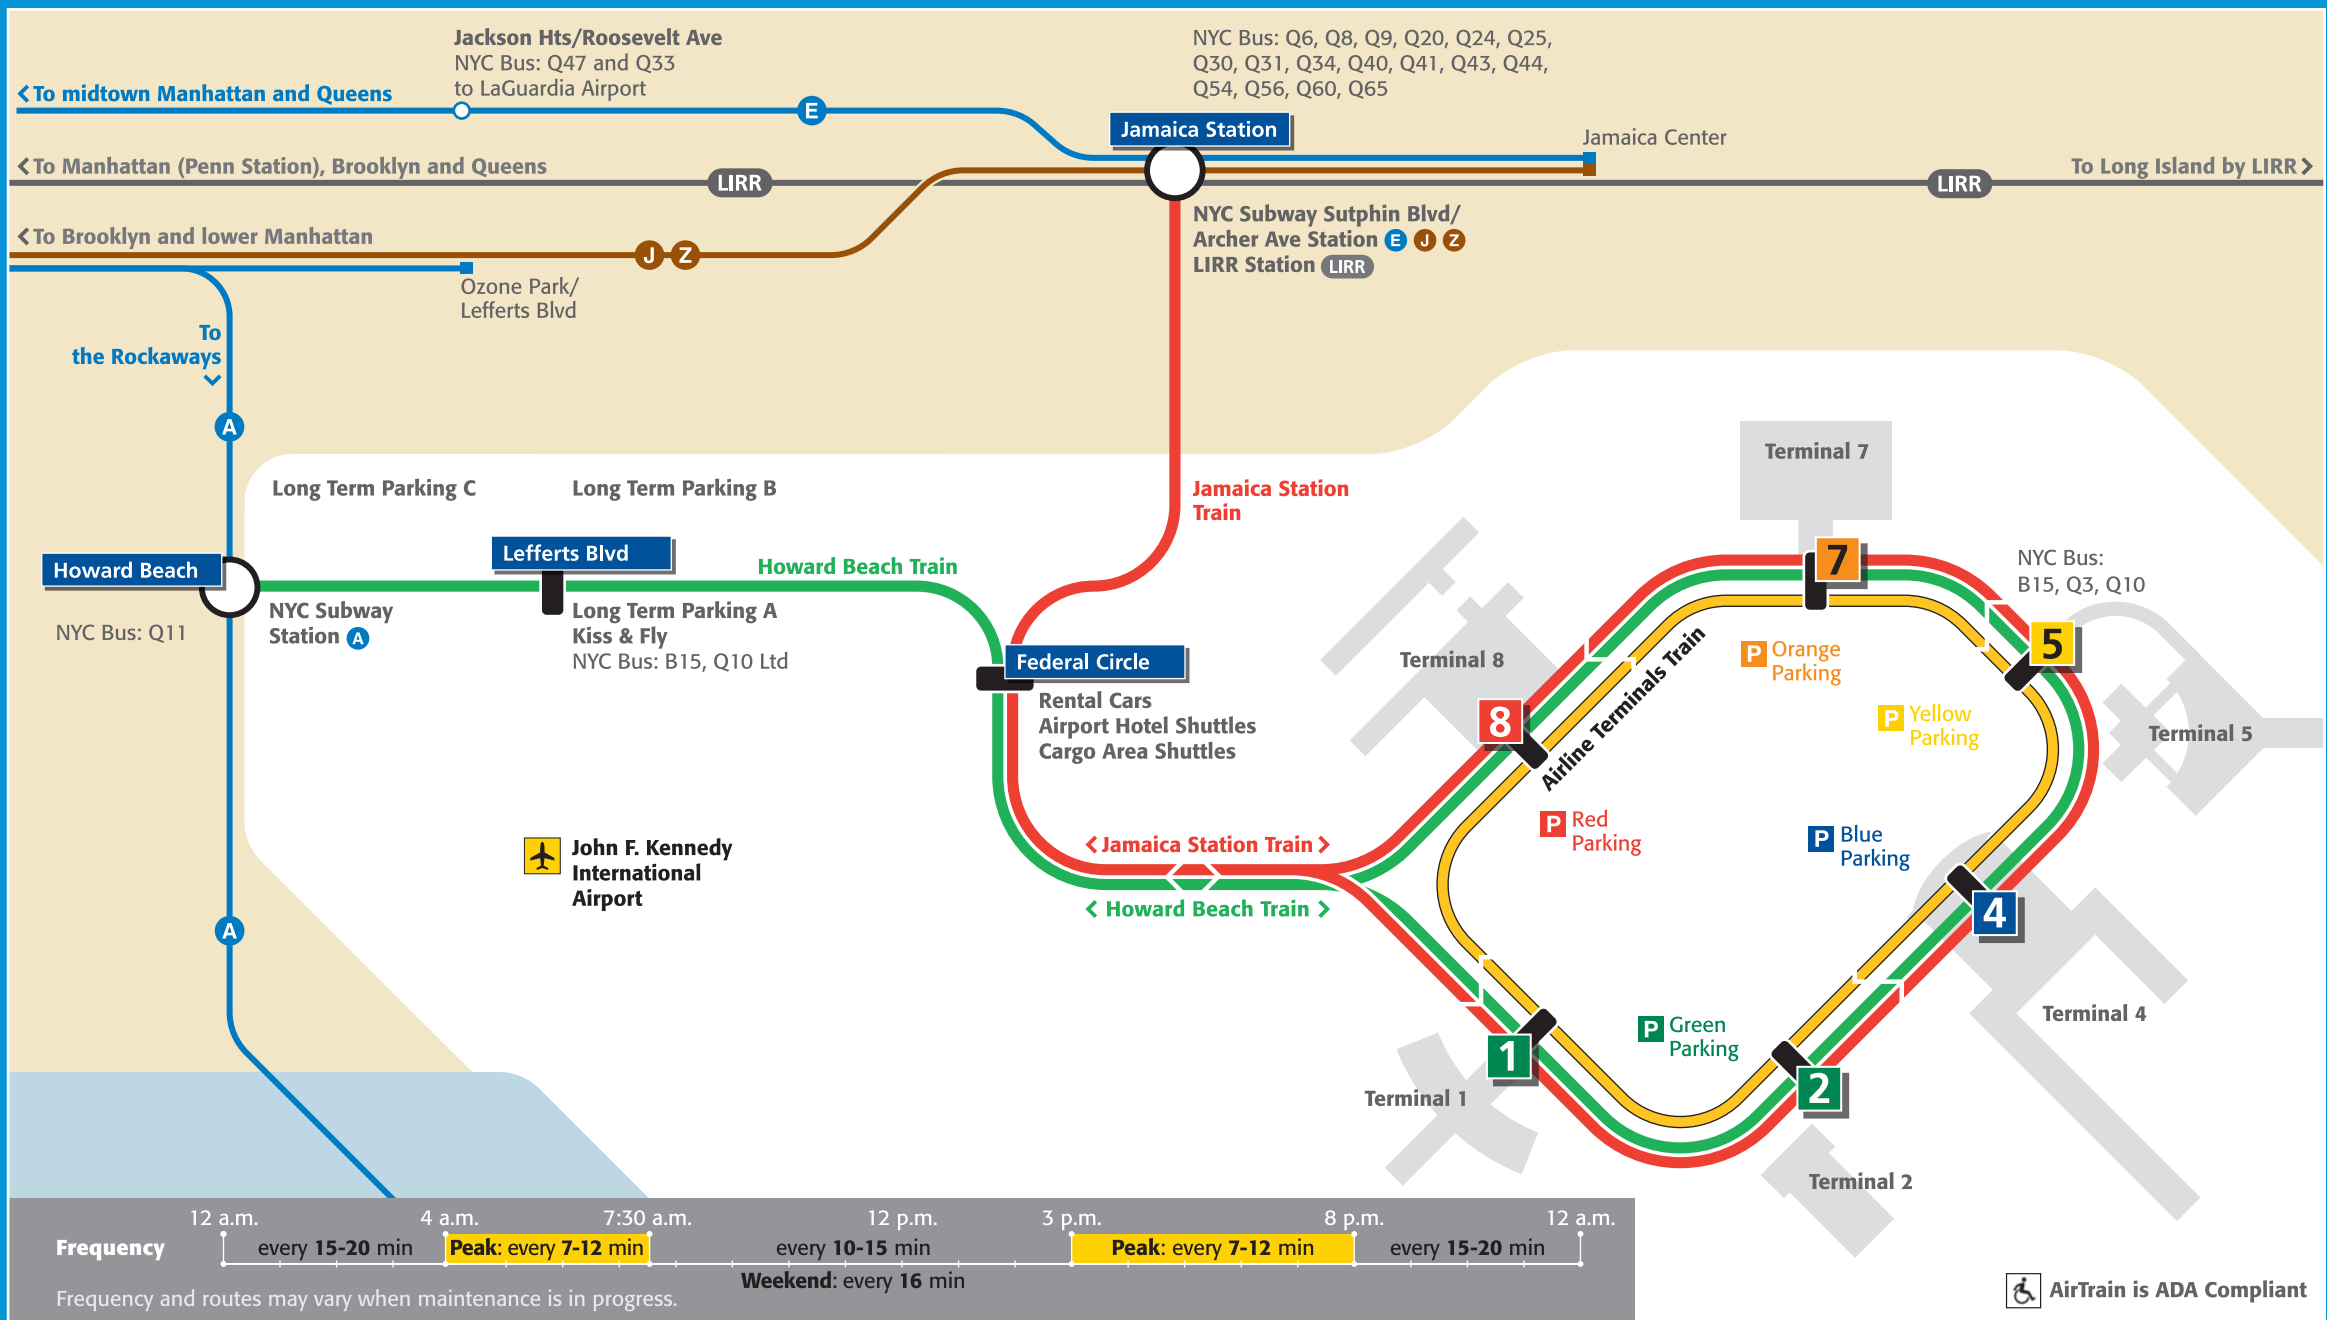

Connecting to MTA subways is the cheaper way to travel: purchase a MetroCard at the Jamaica or Howard Beach station exits and place the AirTrain fee and MTA subway fare on it. AirTrain costs just \$5 as you enter or exit the system and the subway fare is \$2.50.** Children under five ride free.

Connecting to the LIRR is the faster way to travel. To exit AirTrain and board the LIRR, purchase a combination ticket at the vending machine at Jamaica Station.

AirTrain will also take you anywhere at JFK – terminals, parking lots, hotel shuttles, rental car facilities – free. Travel from the airline terminals to Jamaica and Howard Beach Station takes about 10 minutes.
